

# Biomimicry activity worksheet

## Animal skills brainstorm

Fill out the table:

| Ability             | Name of species | Name one adaptation (e.g. shape, skill) that helps the animal with this ability. | Think of one new robot invention which could use this ability (biomimicry). |
|---------------------|-----------------|--|---|
| Swim                |                 |  |   |
| Fly                 |                 |  |   |
| Climb               |                 |  |   |
| Excellent vision    |                 |  |   |
| Fit in small spaces |                 |  |   |
