

Pupil Support

In co-operation with all staff at Kirkwall Grammar School, the Pupil Support Faculty aims to support students in their time at Kirkwall Grammar School by helping them to:

- Learn in a secure and caring environment.
- Know themselves and their capabilities.
- Make the most of their ability and talent.
- Understand and accept the differences and similarities of all members in the school and the wider community.
- Recognise and value what they, as individuals, can offer the school and the wider community.
- Prepare for life after school so that they can become responsible members of society.

The Pupil Support Faculty is sub-divided into two areas:

- **Guidance**
If you have any concerns regarding the care and welfare of your child, your first point of contact should be the relevant Principal Teacher of Guidance.
- **Curriculum Support**
If you have any concerns regarding Curriculum Support issues, your first point of contact should be Ms Marie Phillips, Co-ordinator of Curriculum Support.
