

1 All Pupils - European day of Languages 2017

This year, the Modern Languages department has decided to mark the 26th of September by asking each tutor group to complete a quiz.

On this very special day for us, we would like to make you aware that linguistic diversity is a tool for achieving greater intercultural understanding and a key element in the rich cultural heritage of our continent.

Could you please tick the right answer(s) for each question and try to solve the three anagrams. Write the name of your group on the sheet provided and place it back in your register before Friday this week. The winning group will be announced on Monday.
