

PROGRESSION PATHWAY FOR S4 AND S5 PUPILS

To allow you to plan ahead to your S5 and S6, we would like you to consider your progression pathway in KGS. This sheet is for you to use as guide to a possible path through the senior phase

Looking at the courses on offer plan the subjects you are considering undertaking in your S5 and S6 if you were to remain in school.

For courses at Higher level, please indicate the columns from which you are choosing the subject. National 4/5 courses and some Advanced Higher subjects are not in columns so you only need to indicate the subject and level at which you intend to study.
